

# Do you want to experience God in a different way?

**Amazing • Inspiring • Spectacular • Fantastic • Life-changing  
Breath-taking • Rewarding • Faith strengthening**

## SHORT TERM MISSION TEAMS

If your Church, cell group, Christian union, school or work colleagues are looking for ways in which to enrich your experience of God's love, then a short term mission team might be the opportunity for you.

What will you experience?

- Different culture, language, food and worship. The chance to experience a totally new environment.
- See how God is working in this very different place. Not only in the local community, but also in you!
- The opportunity to work alongside the local people to help them with a needed project in their community.
- You will also learn a lot from them. Often their testimonies of faith under difficult circumstances have a life changing effect!
