

the Emmanuel Connection

March 2020

Focus on: Florida Banisi

Florida Banisi is the house mother for Emmanuel international's third Safe House in the informal settlement of Masiphumelele, Western Cape, South Africa.

Florida is a widow who has raised three of her own boys, by God's grace, through difficulty and hardship. After her boys moved from the family home to find work, Florida felt a calling

to continue to help disciple and mentor children from disadvantaged backgrounds.

When EI found Florida, she had already been working part-time as a child care worker in the township of Khayelitsha, about 40 kilometers from Masiphumelele and was a perfect fit for our need for a Godly and loving foster mum in our new Safe House in Masi.

When Florida isn't running the home and meeting the needs of the four children in her care, she also sings in the choir at church, helps with outreach events and is a huge encouragement to many single or struggling mums in the community. Her calling to work with the poorest of the poor in Masiphumelele has been a blessing to EI, but especially to the ones who now call her 'mamma'.
